**Information Systems**  
**A.Y. 2020-2021**

**APPROVAL FORM**

September 28, 2021

Dear Mr. Cezar,

Good day! We, the third-year students from the University of Santo Tomas taking Bachelor of Science in Information Systems, are writing this letter to request for your approval regarding the mock-up prototype we have presented to you. This mock-up prototype has been designed for After6ix Collective. In line with this, the signed approval will allow us to implement the presented mock-up prototype in an actual web project which serves as our partial requirement in one of our subjects, Applications Development and Emerging Technologies 2.

This letter will serve as a formal document of your approval to start the actual implementation of the web project.

If you have further queries about this, please do not hesitate to contact us through our Requirement Analyst, Mr. Lord Patrick Marcus Monteverde. We are hoping for your positive response regarding this. Thank you very much!

Best Regards,

Nikka Pie S. Francisco  
Project Manager, ICS2609 – 3ISA

*JKS*

A woman with dark hair tied back and a man with long hair and a beard stand in a minimalist, modern interior. The room has large windows casting long, sharp shadows across the light-colored walls. The woman is in the foreground, looking over her shoulder towards the camera. The man is slightly behind her, also looking towards the camera. The lighting is high-contrast, emphasizing the interplay between light and shadow.
